

<< Marketing & Communications, Intern (Full or Part-Time)>>

<<Deutsche Telekom AG, Strategy & Technology Innovation, Bonn>>

Bonn, 25.03.2019

Strategy & Technology Innovation is the central innovation unit of Deutsche Telekom AG. We explore future technologies and push value-adding research and development initiatives, to drive strategy execution – to the benefit of our customers and business.

To support the Strategy and Technology Innovation team in Bonn we are looking for:

<< Strategy & Technology Innovation Intern (Full or Part-Time) >>

We explore on the technology side keeping in mind business and customer orientation as well as, building a strong internal and external partners network. Our way of working in a non-siloed way, builds on a toolbox of traditional, agile plus other flexible ways of working – in correspondence to the specific need and task.

Responsibilities

- Support of the CTO of Deutsche Telekom, organization of board meetings, preparation of presentations and briefings, organization of events, internal communication
- Project Support - e.g. provide ad hoc project support providing input on various documents, presentations, project tasks, participating in meetings and making agendas, meeting minutes, invitations etc.

What we offer:

Full or Part-Time internship (55-130 hrs./month) in the Strategy & Technology department of Deutsche Telekom AG, Europe's leading provider of telecommunications services at DTAG's headquarter in Bonn.

Requirements

Regularly enrolled Master or Bachelor student

Online media and communication expertise

Technology affine – up to date with new technologies in focus and understanding of process to define business models and innovation flow of new technologies.

Fluent in German & very good English

MS Office
